Detox is a Critical Step

Toxicants and toxicity interfere with every system of the body. Detoxification with the IonCleanse® by AMD paves a clearer path to success by helping the body's normal systems and processes function without these impediments. When you incorporate the IonCleanse® by AMD into a health plan, almost every other therapy or intervention may have a greater impact on your health.

Please Note: These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, prevent, treat, mitigate, or cure a disease, including autism.

What is the IonCleanse® by AMD?

The IonCleanse® by AMD helps the body relax and gently detox in a way it has never been able to before, even if normal pathways of elimination are compromised. An internally clean body may help other therapies and modalities work better. Detoxification and relaxation with the IonCleanse® by AMD is a choice to strongly consider as part of your protocol – whether you are addressing a specific condition or creating a platform for health.

How it Works

The IonCleanse® by AMD's proprietary and patented technology results in only biocompatible electrical frequencies entering the water. This elicits a relaxation response. Concurrently, these frequencies create an ionic field that cleanses and purifies the body through the power of ions.

The IonCleanse® process ionizes the water as H_2O is split into OH^- and H^+ ions. These ions attract and neutralize oppositely charged toxins. After a session the user feels calm, relaxed, and focused. Typical session times vary from 10-30 minutes, based primarily upon age. There are no harmful side-effects, and the process is painless, non-invasive, and completely safe.

Toxins Removed*

- Hg Mercury
- Cd Cadmium
- Al Aluminum
- Pb Lead

*Referring to heavy metals. Other harmful toxins are also removed.

Hear from the Experts

“The IonCleanse® has proven to be a valuable tool to help with detoxification in my practice. The IonCleanse® is my go-to for Herxheimer reactions in my patients. It's a God send. It is the one therapy out of so many I offer in my clinic that benefits me the most. For the skeptics out there, all I have to say is give it a try! You have nothing to lose. They have a 60-day money-back guarantee!”

Karima Hirani MD, MPH

“At Patriot Clinics, we specialize in treating those in at-risk professions, like veterans, police officers and firefighters. They have higher rates of cancer, autoimmune disorders, and chronic disease symptoms than those professions with less exposure. One of my physicians introduced me to this therapy, and the science behind it, and it became immediately apparent that this was an ideal therapy, from the aspects of effectiveness, ease of delivery, and cost standpoints. Our war veterans, particularly, have found this therapy helps with their symptoms. We highly recommend the IonCleanse® to any clinic that has clients who are affected with toxicity.

William A Duncan, PhD

“As both a mother of a child with food allergies and learning disabilities, as well as a doctor specializing in children with autism, I find the IonCleanse® by AMD to be an invaluable part of the services I offer. The differences I see in my child and in my clients are astounding. The IonCleanse® by AMD should be an integral part of every child's healing journey.”

Sonia McGowin, DC

“I am a UK based Clinical Nutritionist and have been using the IonCleanse® by AMD with my clients. I work primarily with children on the autism spectrum and more than 100 of my clients have started using this machine with outstanding results. I have been working with children on the spectrum for a number of years and in all that time, I have come across hundreds of therapies and protocols. Hands down, the IonCleanse® by AMD is the most impressive intervention I have ever witnessed and it has become an indispensable tool in my practice.”

Stella Chadwick BSc, mBANT, CNHC

“We understand that children with autism spectrum disorder have impaired detoxification. Many biomedical treatments are geared at supporting proper detoxification, which is necessary for healing. In my clinical practice, incorporating the IonCleanse® by AMD for detoxification support has provided a variety of improvements in my patients.”

Tracy Fritz MD, FAAFP, MAPS Fellow

“I have used the IonCleanse® footbath for many of my patients. Although it does not help everyone, it has been very helpful to many of my patients in decreasing their overall stress. The company has been wonderful to work with and most importantly, there is a 100% money-back guarantee if the unit does not help your client after 60 days.”

Nancy O'Hara MD, MPH, FAAP

Detox is *More* Than Color Change

The water color change is a fascinating process. We estimate that about 70% of what you see in the tub comes from the user. The other 30% - the color change that will occur with or without feet - is most likely neutralized material from the water source or plate residue. While people can and do detox through their feet, this actually isn't the most beneficial part of an IonCleanse session.

The filtered current that elicits a relaxation response can increase the body's natural ability to detox for up to five days after the session. This means that your normal detox pathways - sweat, urine, stool, etc. - will be stimulated to detox more than average. While the color change is a part of the process, the benefits of the IonCleanse by AMD are more than what you see in the footbath water.

What to Expect

Less Brain Fog

Promotes a Sense
of Calm

Better, Deeper
Sleep

Improves General
Wellness

Every day we receive testimonials about the IonCleanse system's positive impact on people's lives. However, because the IonCleanse by AMD is classified as a non-medical device, FDA and FTC regulations do not allow us to share any testimonial that references a specific illness or condition.

Detox is such an individual process. Some will notice a difference the same day as their first footbath, whereas others take a longer time to notice any changes. Some may even notice that they feel a little bit worse before they feel better; all are normal reactions and are positive signs.

Our Products

Solo® Package | Recommended for Home Use

- IonCleanse® Solo
- 1 Complete Array
- 1 Box of Liners (30 Total)
- Water Bottle
- Salt
- Quick Start Guide
- Instructional DVD
- Protective Carrying Case
- 3-Year Warranty

\$1,995

Premier® Package | Recommended for Practitioner Use

- IonCleanse® Premier
- 2 Boxes of Liners (60 Total)
- 1 Complete Array
- 1 Extra Set of Replacement Plates
- Spare Array Cord
- Comprehensive Marketing Plan
- Listing on our Practitioner Locator
- Instructional DVD & Booklet
- Protective Carrying Case
- Water Bottle
- Salt
